Hi Dave:

I am happy to provide smplsolutions with a commendable reference for your new website "Testimonial Page". As you know, smplsolutions has provided services to the headquarters of Progressive Loan Funding as well as its branch offices since the spring of 2002. You have cabled several offices & projects for us, installed 2 Toshiba phone systems, and provided us with our phone and data circuits at all of our locations. We could not have asked for a better vendor or should I say "partner".

We not only continue to use your services, but frequently refer your services to other companies we do business with. They have all been very pleased with the service and support that you have provided for them.

Keep up the great customer service, and say hi to everyone at the office for me.

Yours truly,

Brad Thompson, MIS
Progressive Loan Funding
