## **smplsolutions® Launches New Website; Encourages User Feedback**

(Lake Forest, CA – May 1, 2012) – **smplsolutions®**, a communications technology company based in Southern California, today launched a new website to provide clients with a knowledge base of informative content and to promote relationships between the company and its clients. New features include Meet The Tech Team™ and Articles and Knowledge Base pages.

Meet The Tech Team is a page dedicated to introducing the **smplsolutions®** technicians to existing and prospective clients. Clients can browse the page for information about current certifications held by The Tech Team™ as well as individual technician's experience, hobbies and interests.

"We are the IT vendor clients can trust," said **smplsolutions®** President and CEO, David Case. "When our technicians call or arrive on-site, we want our clients to feel comfortable and know that we consider ourselves a part of their team."

On the Articles and Knowledge Base page, **smplsolutions®** provides important information regarding products like Toshiba's IPedge™ phone system, along with technology solutions such as white papers on Cloud Computing.

"Whether you are considering making a purchase or need additional information to make an educated decision about which networking infrastructure is best for your needs, **smplsolutions®** will provide you with the information you need", said David Case.

## **User Feedback**

**smplsolutions®** is dedicated to making its website as user-friendly and informative as possible from ease of navigation, to products and services, to industry trends. The company is encouraging viewers to take a short survey using a link located on their blog, or to send feedback and suggestions to [marketing@smplsolution.com](mailto:marketing@smplsolution.com).

About **smplsolutions** – Founded in 1996, **smplsolutions®** has focused on excellence as a communications technology company by providing its customers with expert advice, problem solving resources, creative engineering and high quality professional services. The company serves as a one-stop shop for telephone, computer networking, video surveillance, data management, and cabling necessities. Our highly trained technicians and experts, The Tech Team, help customers plan, budget, and prepare for today's needs and tomorrow's new technologies. Visit **smplsolutions®** at [www.smplsolutions.com](http://www.smplsolutions.com), and follow us on [Facebook](#), [Twitter](#), [LinkedIn](#) and our [blog](#).
